## Deanship of Admissions and Registration

Dear Student,

Assalam Alaikum

In order to help the students better plan their courses, we are pleased to start a new process in informing students of the list of courses to be offered in the summer term 233 before the beginning of the spring term 232 (see the list below).

This will allow the students to better plan their '*Spring-Summer-Fall*' semesters by knowing whether a planned course will be offered or not and change their plans accordingly. Kindly note that these courses will be offered for the summer term 233 during the early registration period next term, but it is not guaranteed that it will be offered if a low number of students register in the course.

Please make use of this list and note that you still have another registration period at the beginning of the spring term 232 to make any adjustments impacted by not offering a course you were planning to register in the summer.

Regards,

KFUPM
